

WEEK-4

EXPERIMENT NO: 4

1. TITLE OF THE EXPERIMENT:

Implementation of a Login Authentication Web Page using HTML, CSS and JavaScript

2. MAPPED OUTCOMES:

- Course Outcome (CO): CO2

3. AIM:

To design and implement a login authentication webpage for the ANITS Central Placement Portal using HTML, CSS, and JavaScript, incorporating username and password fields, input validation, error messages, authentication, and a success page.

4. PROCEDURE:

Step 1: Create the HTML structure for the login webpage with a heading, username field, password field, login button, and error message area.

Step 2: Create a JavaScript file and attach a submit event listener to the login form.

Step 3: Retrieve the username and password entered by the user using DOM methods.

Step 4: Validate whether the username field is empty and display an appropriate error message.

Step 5: Validate whether the password field is empty.

Step 6: Check whether the password contains at least 6 characters.

Step 7: Compare the entered credentials with the predefined login credentials.

Step 8: If the credentials are correct, redirect the user to the success page.

Step 9: If the credentials are incorrect, display an **"Invalid Username or Password"** message.

Step 10: Create a CSS file to design the header, ANITS logo, navigation bar, login container, input fields, buttons, background, and success page.

Step 11: Open index.html in a web browser and verify the login validation and authentication operations.

5. CODE:

index.html

```
<!DOCTYPE html>

<html lang="en">

<head>

  <meta charset="UTF-8">

  <title>ANITS Login</title>

  <link rel="stylesheet" href="style.css">

</head>

<body>

<div class="container">

  <h2>ANITS - Central Placement Portal</h2>

  <form id="loginForm">

    <input type="text" id="username"

      placeholder="Username"><br><br>

    <input type="password" id="password"

      placeholder="Password"><br><br>

    <button type="submit">Login</button>

  </form>

  <p id="error"></p>

</div>

<script src="script.js"></script>

</body>

</html>
```

script.js

```
document.getElementById("loginForm").addEventListener("submit", function(e) {

  e.preventDefault();

  let username = document.getElementById("username").value.trim();

  let password = document.getElementById("password").value.trim();

  let error = document.getElementById("error");

  error.innerHTML = "";

  if(username === "") {

    error.innerHTML = "Username is required";

    return;

  }

  if(password === "") {
```

```

        error.innerHTML = "Password is required";

        return;
    }

    if(password.length < 6) {

        error.innerHTML = "Password must contain at least 6 characters";

        return;
    }

    if(username === "admin" && password === "admin123") {

        window.location.href = "success.html";

    }

    else {

        error.innerHTML = "Invalid Username or Password";

    }

});

```

style.css

```

* {

    margin: 0;

    padding: 0;

    box-sizing: border-box;

}

body {

    font-family: Arial, sans-serif;

    background: url("professional-website-hero-background-for-homepage_251S.webp")

        no-repeat center center fixed;

    background-size: cover;

}

/* Header */

.top-header {

    display: flex;

    justify-content: center;

    align-items: center;

    position: relative;

    padding: 15px;

    background: rgba(0,45,80,0.75);

```

```
    color: white;
}
.logo {
    position: absolute;
    left: 30px;
}
.logo img {
    width: 70px;
    height: 70px;
    border-radius: 50%;
}
.title {
    text-align: center;
}
.title h2 {
    font-size: 32px;
}
.title h3 {
    margin-top: 8px;
    color: #ffe082;
}
/* Navigation */
nav {
    background: rgba(0,119,182,0.75);
}
nav ul {
    display: flex;
    justify-content: center;
    list-style: none;
}
nav ul li {
    margin: 0 20px;
}
nav ul li a {
    display: block;
    color: white;
```

```
text-decoration: none;

padding: 12px 0;

font-weight: bold;

}

nav ul li a:hover {

    color: yellow;

}

/* Login Container */

.container {

    width: 360px;

    margin: 80px auto;

    padding: 30px;

    background: rgba(255,255,255,0.30);

    backdrop-filter: blur(6px);

    border-radius: 8px;

    text-align: center;

    box-shadow: 0 0 15px rgba(0,0,0,0.5);

}

.container h2 {

    color: #003f88;

    margin-bottom: 20px;

}

input {

    width: 100%;

    padding: 10px;

    margin: 10px 0;

    border: 1px solid #ccc;

    border-radius: 5px;

    font-size: 15px;

}

button {

    width: 100%;

    padding: 10px;

    background: #2b7bbb;
```

```

color: white;

border: none;

border-radius: 5px;

cursor: pointer;

font-size: 16px;

}

button:hover {

    background: #0b5ea8;

}

#error {

    margin-top: 10px;

    color: red;

    font-weight: bold;

}

```

6. TECHNOLOGIES USED:

- **HTML5** – Used to create the structure of the login webpage.
- **CSS3** – Used for webpage styling, layout, background, navigation, and visual design.
- **JavaScript** – Used to implement login authentication and input validation.
- **DOM Manipulation** – Used to access form elements and dynamically display error messages.
- **Event Handling** – Used to handle the login form submission.
- **Web Browser** – Used to execute and test the application.

7. FOLDER STRUCTURE:

WEEK-4/

```

|
|— index.html
|— script.js
|— style.css
|— success.html
|— logo.jpg
|— professional-website-hero-background-for-homepage_251S.webp

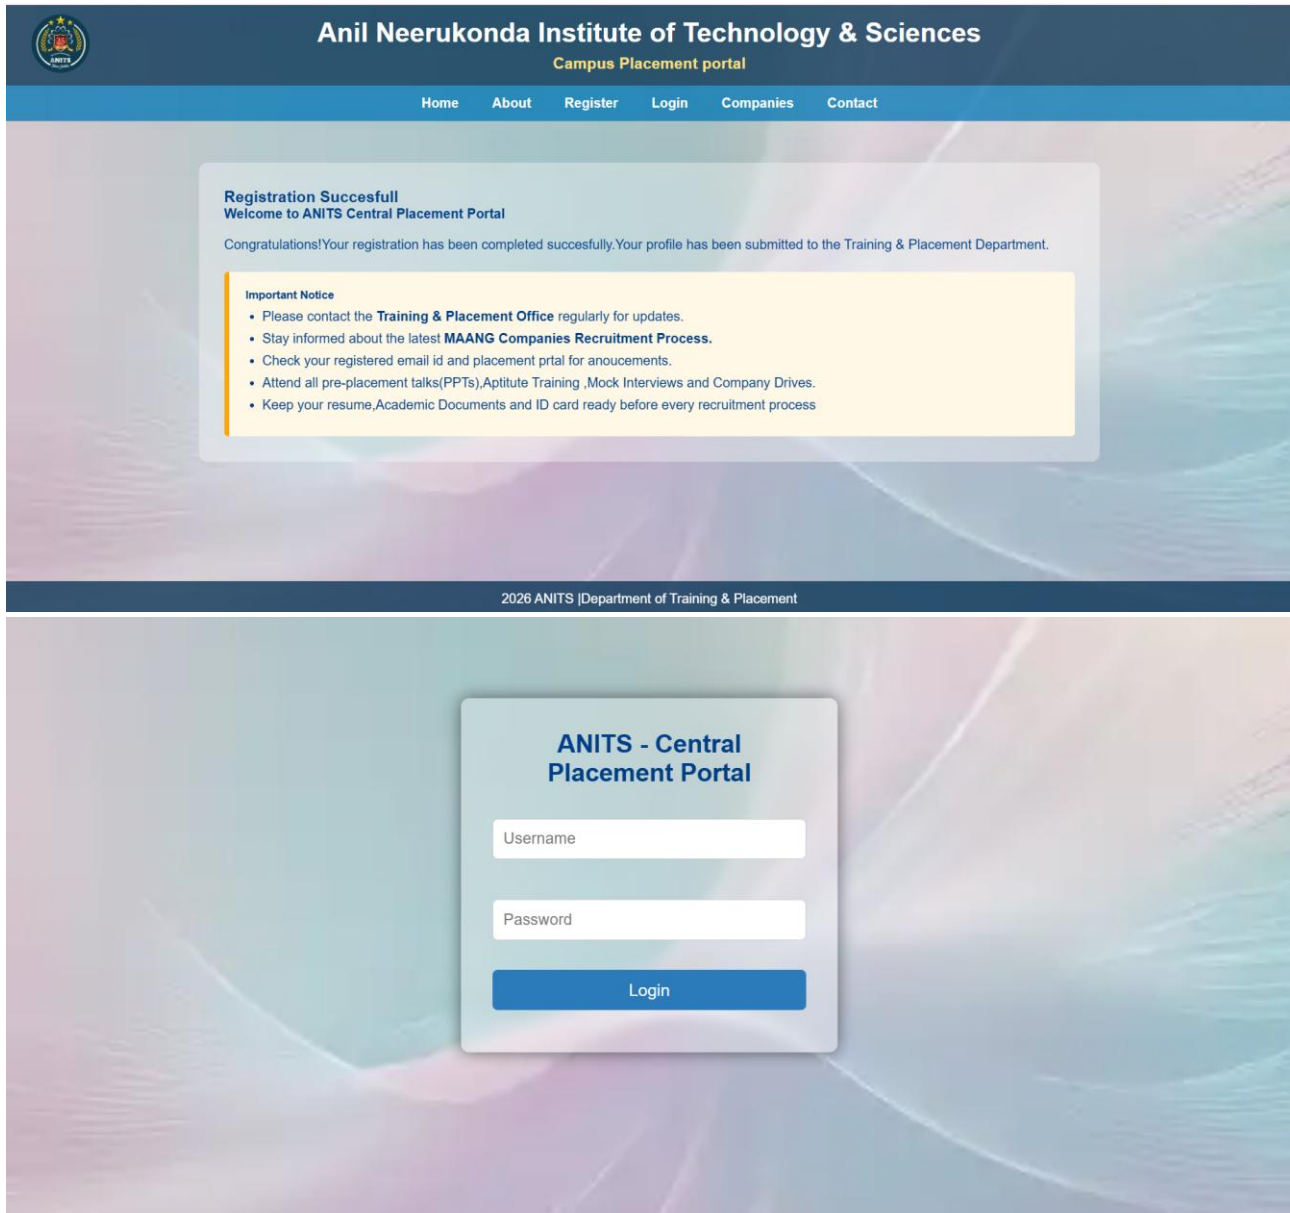

```

8. OUTPUT PROOF:

Output:

ANITS Central Placement Portal Login Page successfully displayed in the web browser.

Screenshot:

9. LEARNING OUTCOME / RESULT:

Result:

The ANITS Central Placement Portal login application was successfully executed and verified in the web browser with proper validation, authentication, and successful-login redirection.
